

## **The White Hart Hampstead Norreys**

Thankfully it seems as if our takeaway service is included in the list of essentials during these stringent measures so we will continue to provide meals and drinks for you from Wednesday night to Sunday (currently - keep your eyes peeled for any changes). However we will have a new system in place for collections to minimise ALL contact: we will create parking 'bays' which will have a table next to them. Please pull up next to one of these tables and we will bring out your bag of food (wearing gloves) and place on the table for you. Deliveries will now all be left on the doorstep (bags also transported from the car wearing gloves).

Messages for orders may be left ANY time from now on (07980 644265). I will return your call if you can't get through, just leave your name, phone number and order requirements (items, day and preferred time slot (nearest half hour/40 mins). I will call back to confirm the time and take payment over the phone. We can take cash in an envelope but no change can be given.

### **TAKE AWAY MENU CONT.**
